

2506-2015

Republic of the Philippines  
**Department of Education**  
REGION I  
SCHOOLS DIVISION OF VIGAN CITY

**Advisory No. 48, s. 2025**

June 27, 2025

In compliance with DepEd Order (DO) No. 8, s. 2023  
This advisory is issued not for endorsement per DO No. 28, s. 2001,  
But only for the information of DepEd Officials,  
Personnel/staff, as well as the concerned public.

**NATIONAL SCIENCE CLUB MONTH (NSCM) 2025**

On its 54<sup>th</sup> year of serving the Filipino youth as the first and largest umbrella organization of science clubs in the Philippines, the Pambansang Kapisanan ng mga Kabataan Samahan ng Agham or the Philippine Society of Youth Science Clubs (PSYSC), Inc. shall conduct activities that encourage the youth to actively participate in the Science clubbing movement this September 2025.

The activities aim to provide a venue for the interaction of science clubs and to recognize excellence through workshops and friendly competitions. The four (4) main events that will kick-off this year's NSCM are the following:

1. **National Science Club Summit (SUMMIT)**
2. **Philippine Society of Youth Science Club Science Olympiad (PSO)**
3. **I Teach Science Seminar (ITSS)**
4. **MathSciAKA**

Participation of teacher-advisers and learners shall be on **VOLUNTARY** basis subject to the provisions of DepEd Order No. 12, s. 2025 titled "*Multi-Year Implementing Guidelines on the School Calendar and Activities*" and DepEd Order No. 9, s. 2005 titled "*Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith*". In addition, parent's permit shall be secured prior to their participation of learners in the said activities.

For the event schedules and guidelines, see attached letter for reference.

Schools Division Superintendent

Department of Education - Region 1 Schools Division of Vigan City

Dear Superintendent Eda,

Greetings from the Science Clubbing Movement!

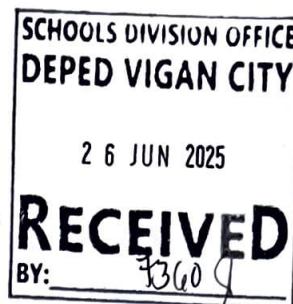

On its 54th year of serving the Filipino youth as the first and largest umbrella organization for science clubs in the Philippines, the Pambansang Kapisanan ng mga Kabataan Samahan ng Agham (PSYSC), Inc., remains committed to promoting the public understanding of science, technology, and the environment (PUSTE) through quality programs and activities for elementary and high school students nationwide.

As mandated by the *Presidential Proclamation No. 264, s. 2002*, PSYSC annually spearheads the celebration of **National Science Club Month (NSCM)** every September. The month-long celebration begins with the **National Science Clubs Summit (SUMMIT)**, a one-and-a-half-day event featuring lectures, workshops, and interactive activities designed to foster scientific interest and camaraderie among junior and senior high school science club members. Other major NSCM activities include the **PSYSC Science Olympiad (PSO)**, a nationwide inter-school quiz competition for both elementary and high school students; **Mathematics, Science, at Kapaligiran (MSKA)**, a science-focused event comprising regional workshops during SUMMIT and a culminating national competition held in NCR; and the **I Teach Science Seminar (ITSS)**, which equips science educators with innovative, engaging pedagogical strategies through lectures and workshops.

To bring the spirit of National Science Club Month (NSCM) closer to science club members across the country, PSYSC has thoughtfully established multiple regional centers to make this celebration more accessible and inclusive. SUMMIT, ITSS, MSKA, and the PSO National Eliminations will be conducted simultaneously on September 6-7 2025, in Regions 1, 2, NCR, 5, 6, 9, 12, and 13 —allowing students from various parts of the Philippines to experience the excitement of NSCM within their local communities.

In addition, independent sites for the PSO National Eliminations will be held on September 6, 2025, in Regions 4A/4B, CAR, 7/8, 9/10, and 11, ensuring even broader reach and participation. The PSO National Finals and MSKA Proper will be held simultaneously. The competitions will be held at the National Capital Region (NCR) on September 27-28, 2025, where we look forward to welcoming our top-performing participants.

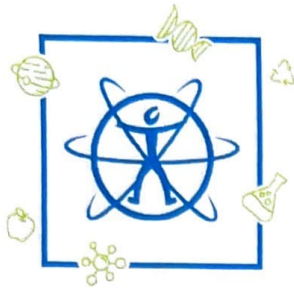

All event details and updates will be posted on our official Facebook page at [www.facebook.com/psysc.nscm](https://www.facebook.com/psysc.nscm) and shared via email through [nscm@psysc.org](mailto:nscm@psysc.org). The important dates and regional locations for each sub-event are summarized below.

coursed through our Facebook Page: ([www.facebook.com/psysc.nscm](https://www.facebook.com/psysc.nscm)).*

In accordance with the foregoing, we humbly request from your esteemed office an  
issuance of an **SDO Endorsement** to facilitate the prompt dissemination of  
information pertaining to NSCM 2025. An endorsement from your esteemed office is  
integral to ensuring the broadest possible reach of this initiative which aims to foster  
innovation and problem-solving skills among the youth through science clubbing  
activities.

We are grateful for your office's support in ensuring the success of this event. Should  
you require any additional information, documentation, or clarification, please do not  
hesitate to contact us at 09268748507 or via email at [nscm@psysc.org](mailto:nscm@psysc.org).

Attached herewith are the events' descriptions.

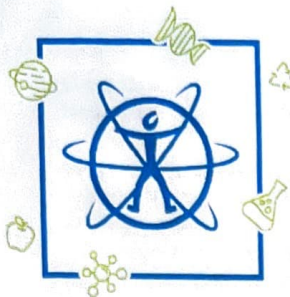

Thank you for your continued support in keeping the fire of science-clubbing burning!

## Event Descriptions

### National Science Club Month 2025

September is considered the **National Science Club Month (NSCM)** under Presidential Proclamation No. 264. During the NSCM, the **Philippine Society of Youth Science Clubs (PSYSC)** conducts activities that encourage the youth to actively participate in the science clubbing movement. Through these activities, PSYSC aims to provide a venue for the interaction of science clubs and to recognize excellence through workshops and friendly competitions. The four (4) main events that will kick-off this year's NSCM are the National Science Clubs Summit (Summit), PSYSC Science Olympiad (PSO), I Teach Science Seminar (ITSS) and Mathematics, Science at Kapaligiran interactive Workshop (MathSciAKa).

The **National Science Clubs Summit (SUMMIT)** is a one and a half-day gathering of high school science club affiliates, conducted simultaneously in different regions. The event is an opportunity for the different science clubs to learn from lectures, workshops, and plenary sessions. The SUMMIT brings the camp experience closer to our affiliates who are not able to attend the National Youth Science Technology and Environment Summer Camp (NYSTESC). Exciting trademark activities of SUMMIT include Sub-camp Quiz Competition and fun-filled Science workshops. SUMMIT also offers the chance to experience MathSciAKA, an event which provides a set of interactive workshops.

The **Philippine Society of Youth Science Club Science Olympiad (PSO)** is an inter-school quiz competition for elementary and high school students all over the country. This Olympiad consists of two rounds: (1) the National Eliminations, conducted simultaneously in different regions, which will be a written exam that will challenge the students' knowledge on various science categories, and (2) the National Finals, which will be composed of theoretical and practical rounds. Prizes would include cash, plaques, medals and certificates.

The **I Teach Science Seminar (ITSS)** is a two-day activity catering to science teachers of affiliated schools. It is an enrichment seminar packed with lectures, workshops, and discussions for teachers featuring ways on how they can make science teaching fun and interactive. This is PSYSC's way of thanking the teachers for the service they bring to the youth and as well as to the organization.

**MathSciAKA** is an event composed of many different science workshops known as the Mathematics, Science, At Kapaligiran (MathSciAKa). MathSciAKa has been designed to challenge both the physical and mental capabilities of participating science clubbers. It is usually celebrated on two separate dates – every 1<sup>st</sup> week of September during the NSCM-SUMMIT which features two sub events: the Engineering Science Challenge and the Interactive Workshop; and every 3<sup>rd</sup> week of September within the National Capital Region during the MathSciAKa Proper consisting five sub events: Interactive Workshop, On-the-spot Workshop, Take Home, Mystery Workshop and the Workshop Fair.
