INVITATION TO THE WORLD ROBOT GAMES-GLOBAL CIRCUIT ONLINE 2026

Pursuant to the letter from Data Science and Technology Corporation dated January 12, 2026, the agency is extending an invitation to the teachers and learners in the upcoming WRG-PH Global Circuit Online 2026. WRG-PH Global Circuit is an online, multi-event, international robotics competition designed as an online version of the World Robot Games PH (WRG-PH). This activity brings together a curated series of WRG robotics challenges into a marathon-style online circuit, providing participants worldwide with the opportunity to compete, learn, and progressively refine their skills in a comfortable and familiar environment in preparation for the big World Championship event of WRG Japan.

Participation of public and private schools shall be on **VOLUNTARY** basis and in compliance with the provisions of DepEd Order No. 12, s. 2025 titled "*Multi-Year Implementing Guidelines on the School Calendar and Activities*" and DepEd Order No. 9, s. 2005 titled "*Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith.*"

SDS VILMA D. EDA

DepEd SDO Vigan City

Mena Crisologo St. cor. Rivero St. Barangay 9, Vigan City, Ilocos Sur

Dear **SDS EDA**:

We respectfully invite the DepEd SDO Vigan City school robotics teams, students and teachers to participate in the WRG-PH Global Circuit Online 2026, an international, multi-event online robotics competition organized under the World Robot Games Philippines (WRG-PH), through the Data Science and Technology Corporation, with the support from Puzzlebox 3D Printing Solutions, World Robot Games International Committee, and the Philippine Robotics Team.

WRG-PH Global Circuit is an online, multi-event robotics competition designed as an online extension of the World Robot Games PH (WRG-PH). It brings together a curated series of WRG robotics challenges into a marathon-style online circuit, providing participants worldwide with the opportunity to compete at their own pace, on their own available time, while learning and progressively refining their skills in a comfortable and familiar environment.

The WRG-PH Global Circuit enables students, teams, and educators to experience authentic WRG competition formats, maximize skill development without the financial and logistical burdens of travel, accommodation, or physical venue constraints, and prepare strategically for **World Robot Games Japan** in December 2026.

In addition, the robot games are open to the use of any robot kit and any robotics programming platform, allowing schools to participate using their existing resources and preferred technologies.

To support participating schools and educators, official training and game demonstration videos are available for free through the WRG YouTube Channel (<https://www.youtube.com/@WRG-RobotGames/videos>). In addition, free online consultation and orientation training sessions for registered participants will be conducted during February and March, providing guidance on rules, technical requirements, and competition procedures.

Interested participants may register or learn more about the event through the event page: <https://tinyurl.com/WRGPH-GlobalCircuit2026>. They may also request additional information by sending an email to philippineroboticsteam@gmail.com or contact the undersigned at 09603190834.

We respectfully seek your support in encouraging schools, educators, and learners to participate in this international robotics competition and benefit from its accessibility, educational value, and global recognition.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Legaspi', is written over the word 'Sincerely,'.
