SAVING RESOURCES, BETTER PUBLIC SERVICES

2026 Moneywise Briefer

Introduction

The Philippine Development Plan 2023–2028 underscores good governance and efficient resource management as essential foundations for building a resilient, inclusive, and prosperous society. To achieve this, every government office is called not only to **do more with less**, but to critically **examine internal processes, spending patterns, and operational practices** to ensure that public resources are used **efficiently** for their intended purpose.

The Productivity Challenge Program (PCP), led by the Development Academy of the Philippines as the focal organization of the Asian Productivity Organization's (APO) Center of Excellence on Public-Sector Productivity, continues to champion innovative, results-driven initiatives that promote smarter and more accountable governance. After generating innovative ideas (2023 Productivity Spark, saving time (2024 *Fastbreak: 100K Transaction Hours Reduced*) and paper (2025 *Paper-less: 1 Million Sheets Saved*), we now turn our attention to its next strategic focus: **2026 Moneywise: Saving Resources, Better Public Services**.

The challenge invites all public sector organizations to showcase initiatives implemented between **January 2025** and **August 2026** that have generated **cost savings, cost avoidance, or improved value for money** through enhanced review of internal processes, prudent expenditure management, and strengthened financial oversight.

Savings may be realized in key areas such as transportation, warehousing, Maintenance and Other Operating Expenses (MOOEs), electricity, personnel or consultants, and other operational costs. Additional savings may be generated through cost-efficient and resource-rationalizing measures, including reduced paper and printing through digital processes, judicious use of office supplies, centralized procurement, and strengthened inventory control.

By collectively aiming for significant savings, government offices demonstrate adherence to the principles of economy, efficiency, and effectiveness, ensuring that public funds are utilized prudently and redirected toward priority, citizen-centered programs and services.

Challenge Objectives

- Promote operational efficiency and cost-effectiveness
- Reduce leakages and unnecessary expenditures
- Encourage innovation and accountability in managing public resources

SAVING RESOURCES, BETTER PUBLIC SERVICES

Key Areas of Savings

Savings can come from:

- Transportation and logistics
- Utilities (e.g., electricity, water, fuel)
- Maintenance and other operating expenses (MOOE)
- Personnel and consultancy costs
- Warehousing and storage
- Other operational expenditures

MECHANICS

Who Can Join

- National Government Agencies (including regional and attached offices)
- Government-Owned or -Controlled Corporations (GOCCs)
- State Universities and Colleges (SUCs)
- Local Government Units (LGUs)

How to Join

Participating agencies must submit the accomplished **Moneywise Solution Entry Form (MSEF)** through the official **Google Form link**: bit.ly/2026-Moneywise-Submit, with supporting documentation showing measurable savings. Agencies may submit entries on implemented and ongoing initiatives between **January 2025 – August 2026**.

Each entry should include:

1. A brief description of the savings initiative, the problem it addressed, steps taken to implement a moneywise solution, and its qualitative benefits.
2. Detailed breakdown of data in the computation that should reflect the **actual realized savings** or **expected annual savings**. The computation should cover a 12-month period within the timeframe.
3. Action photos, client testimonies, user feedback forms, and/or client satisfaction measurement that demonstrate other quantifiable benefits of your initiative.

Deadline: 15 August 2026

I. DETAILS OF THE MONEYWISE SOLUTION

Title of the Moneywise Solution

[Sample: Scalable Capacity Building via Virtual and Hybrid Training]

Start Date of Implementation

[Sample: Since 18 January 2025]

Description

Detail the previous spending practice, the identified problem, the steps taken, and the achieved improvements in terms of savings, efficiency, transparency, and productivity. Also include the qualitative benefits of this initiative, with a short explanation for each.

[Sample: Previously, the agency conducted all training sessions in person, requiring significant expenses for venue, rentals, meals, and travel reimbursements.

The agency shifted 70% of its capacity-building programs to virtual and hybrid formats using government-approved online platforms beginning 2024. This reduced training-related expenses by ₱4.5 million annually while enabling broader participation from regional staff. The shift also improved accessibility, reduced travel time, and promoted environmentally sustainable practices.

Qualitative Benefits

- **Wider Reach and Inclusion** – Regional staff who previously struggled with travel constraints can now join trainings more easily, resulting in higher participation and inclusivity.
- **Transparency and Accountability** – Digital platforms provide built-in attendance logs, recordings, and certificates, ensuring verifiable participation.
- **Scalability and Replicability** – The model can be replicated across others.

II. COMPUTATION OF MONEY SAVED

Specify and explain the calculations for actual realized or expected savings in a 12-month period. Include here a detailed breakdown of data used along with relevant description. Additional quantifiable information like percentage reduction may be added, as necessary.

[Sample]

Cost before the initiative:

- Venue rental for trainings: ₱15,000 per session × 40 sessions = ₱600,000
- Meals/catering: ₱500 per person × 80 participants × 40 sessions = ₱1,600,000
- Travel reimbursements (transport & lodging): ₱5,000 per person × 50 regional participants × 40 sessions = ₱10,000,000
- Total Baseline Annual Cost = ₱12,200,000

Cost after the initiative:

- Online platform license: ₱200,000 annual subscription
- Minimal meals/venue for hybrid sessions (10 face-to-face): ₱15,000 × 10 = ₱150,000
- Limited travel reimbursements for hybrid: ₱5,000 × 20 participants × 10 sessions = ₱1,000,000
- Total New Annual Cost = ₱1,350,000

Savings realized (PHP):
 $₱12,200,000 - ₱1,350,000 = ₱10,850,000$ saved annually

% Reduction in Cost:
 $(₱10,850,000 / ₱12,200,000) × 100 = 89\%$ cost reduction
