Advisory No. 178, s. 2026

24 SEP 2026

In compliance with DepEd Order (DO) No. 8, s. 2023
This advisory is issued not for endorsement per DO No. 28, s. 2001,
But only for the information of DepEd Officials,
Personnel/staff, as well as the concerned public.

DAGITAB 2026

The University of the Philippines Engineering Radio Guild (UP ERG), an academic organization based at the Electrical and Electronics Engineering Institute of the University of the Philippines Diliman (UPD EEEl), will be holding the "Dagitab 2026" from October to November 2026.

Dagitab 2026, a Luzon-wide hybrid camp designed to provide senior high school students an opportunity to explore the fundamentals and applications of EEE. The program brings together three areas of interest: Logic and Circuits, Programming, and Robotics through a combination of online learning activities, hands-on training, and competitive events.

The event will begin with a Qualifying Examination on October 24, 2026. Students who advance from the qualifying stage will participate in the succeeding learning activities, scheduled as follows:

Date	Activities
November 12, 2026	Programming Camp (Online)
November 13, 2026	Logic and Circuits Camp (Online)
November 14, 2026	Robotics Camp (Face-to-Face, at UPD Student Union Building)
November 21-22, 2026	Final Competition (Face-to-Face, at UPD EEEl)

Participation of teachers and learners shall be purely **voluntary** and in accordance with the DepEd Order No. 9, s. 2005 titled "*Instituting Measures to Increase Engaged Time-On- Task*" and DepEd Order No. 9, s. 2026 titled, "*Guidelines on the Implementation of the Three-Term School Calendar in Basic Education*".

For other activity details, see attached invitation letter.

You don't often get email from dagitab@up-erg.org. [Learn why this is important](#)

Dear **Ma'am Vilma D. Eda, CESO V:**

Warm greetings from the **University of the Philippines Engineering Radio Guild (UP ERG)**!

We are writing to respectfully request the endorsement of the Schools Division Office of Vigan City for **Dagitab 2026**, a Luzon-wide hybrid camp organized by the UP Engineering Radio Guild. The event aims to provide senior high school students with opportunities to explore the fundamentals and applications of Electrical and Electronics Engineering (EEE) through learning activities in **Logic and Circuits, Programming, and Robotics**, as well as competitive events.

Attached to this email is our **formal request letter** addressed to your office, containing the event details and proposed schedule. We have also attached the **pertinent documents required for the issuance of an advisory for a Category A activity (Seminar/Workshop)**, including the necessary documentation certifying that the UP Engineering Radio Guild is a recognized academic organization.

We would greatly appreciate your office's assistance in disseminating the opportunity to schools within your jurisdiction through an **official advisory**. We hope to give students in your division meaningful exposure to engineering, technology, and problem-solving through Dagitab 2026.

Should you have any questions or require additional documents or information, please feel free to contact us through dagitab@up-erg.org or any of the contact persons indicated in the attached letter.

Thank you very much for your time and consideration. We sincerely look forward to your support.

Respectfully,

Dear Maam **Vilma D. Eda, CESO V**:

Warm greetings from the **University of the Philippines Engineering Radio Guild (UP ERG)**!

The University of the Philippines Engineering Radio Guild (UP ERG) is an academic organization based at the Electrical and Electronics Engineering Institute of the University of the Philippines Diliman (UPD EEI). As an organization, we seek to create opportunities that encourage students to explore **Electrical and Electronics Engineering (EEE)** and engage with emerging technologies through educational programs, competitions, and other academic initiatives.

As part of upholding our vision, we will be holding **Dagitab 2026**, a Luzon-wide hybrid camp designed to provide senior high school students an opportunity to explore the fundamentals and applications of EEE. The program brings together three areas of interest: Logic and Circuits, Programming, and Robotics through a combination of online learning activities, hands-on training, and competitive events.

The event will begin with a **Qualifying Examination on October 24, 2026**. Students who advance from the qualifying stage will participate in the succeeding learning activities, scheduled as follows:

- **November 12, 2026** - Programming Camp (Online)
- **November 13, 2026** - Logic and Circuits Camp (Online)
- **November 14, 2026** - Robotics Camp (Face-to-Face, at UPD Student Union Building)
- **November 21-22, 2026** - Final Competition (Face-to-Face, at UPD EEI)

Through these activities, participants will have the opportunity to apply what they have learned while gaining meaningful exposure to EEE, making the field more accessible and engaging for students considering engineering and technology-related fields in their future studies.

In line with this initiative, we respectfully request the **endorsement** of the Schools Division Office of Vigan City and its assistance in disseminating this opportunity through an **official advisory** to schools within your jurisdiction. We believe that the participation of students from your division will provide them with meaningful exposure to engineering, technology, and problem-solving in an environment that combines learning with competition.

we connect.
