PMDP LEADERSHIP CONFERENCE 2026

12-14 November 2026 | DAP Conference Center, Tagaytay City

Theme: Rebuilding Trust by Design: Leadership, Values, and Innovation in the Digital Age

Conference Overview

The PMDP Leadership Conference 2026 brings together senior public sector leaders and middle managers from across national government agencies and local government units for reflection, dialogue, and renewed commitment to institutional reform.

At a time of rapid digital transformation, rising citizen expectations, and increasing governance complexity, rebuilding public trust requires more than individual integrity. It calls for leaders who can design resilient institutions, align national and local reforms, and sustain change beyond their tenure.

This Conference creates a space for:

- Values-based leadership renewal
- Responsive digital governance conversations
- Cross-level national-local dialogue
- Storytelling and peer learning
- Reconnecting and networking with reform leaders

Why This Conference Matters

PMDP alumni serve in key leadership roles across the public sector — in national agencies, regulatory bodies, GOCCs, SUCs, provinces, cities, and municipalities. Yet many reform efforts face common challenges:

- Reform fatigue and short leadership cycles
- Policy-implementation gaps between national and local levels
- Lack of purposive digital innovation initiatives
- Fragmented coordination across institutions

The Conference seeks to strengthen whole-of-government coherence by bringing national and local leaders into structured dialogue around trust, reform, and sustainability.

Conference Objectives

The Conference is designed to enrich executive leadership along the following:

1. Leading in a Continuously Changing Environment
2. Driving Performance for Integrity and Service
3. Linkaging/Networking for Productive Partnerships
